Things to know

Useful information about the house

- First aid kit is in the first drawer of the dresser located near room #1.
- Extra bulbs are also in the same drawer.
- All bedding and towels are at the entrance to the house (from the parking door), behind the curtain, which is located after the first door to the right.
- Extra garbage bags are in the kitchen behind the green plastic garbage can.
- Dishwasher soap & salt are located in the cabinet under the kitchen sink.
- An Internet connection can be done by scanning this QR code below this page.
- Cooking utensils are located in the kitchen in the lower cabinets on the left side.
- Large serving tools are in the kitchen and are located in the open storage cabinet (on the right).
- All meal serving ware is located at the entrance to the dining room.
- Please use the dishwasher according to the instructions hung on its door.
- The TV is located in the living room on the second floor.
- The main living room has a fireplace, you are welcome to use it. Extra Firewood is located in the parking area.
- Vacuum cleaner and cleaning utilities are located in the room at the end of the staircase that descends to the basement.
- The laundry room is located in the basement, please use the washing machine and dryer in accordance with the instructions placed on them. Soap & softeners can be found near the machines.
- The main heating control system is located in the basement, in the sauna area, the first room on the left.
- Natural cooling room for food storage, is located in the basement, at the entrance to the sauna room, the first door to the right.
- The usage of the yoga/seminar room is without shoes, please, and please as well, do not bring there any drinks or food.

Connect to the WiFi

Before you leave

Your cooperation is appreciated

Practicalities

- Please turn off the heating in all the house.
- Please turn off all the lights in the house, beside the light in the drinking area.
- Please lock the main entrance from the inside and leave the parking door key in the safe box where you took it from.
- Please make sure to lock the outside (garden) door rooms in the basment and in the seminar room.
- Please make sure there are no lighting candles in the house.
- Please make sure to emphy all trash from the rooms, especialy food remains.
- Please make sure to emphy all trash from the kitchen and place it into the big trash cans in the end of the parking.
- Please leave the WiFi on.

Beddings & Towels

- Please put all used towels & Bedding on the corridor's floor next to room number 2.

We hope you have all enjoyed and had a good time.

Much Love
Eran & Anat

See you soon

HOW TO USE DISHWOSHER

Don't put dirty unwashed dishes into the machine!!

How to use

- Wash all dishes well with warm water, before putting them in the machine, then place them in the machine.
- Make sure to upper water springer can turn smoothly without any obstacle.
- Close the door when you done.
- Put soap tablet in its compartment and close its door
- Turn the machine on
- Use Program 5 (30 minutes) then push >> Start
- **Feel Salt & Liquid when needed (you'll see signs on the monitor)**

HOW TO DO LAUNDRY

Laundry Machine

- Put the laundry in the drum and close the door
- Put a bit of detergent in both canals of the top left drawer
- Put a bit of soften liquid in the middle canal (Blue)
- Click the on/off button and use the actual program
- Push Start button

Dryer Machine

- Make sure the two filters on the bottom of the drum are clean, if not clean them above the grey garbage bin which placed on the table
- Make sure the water drawer (top left) is empty, if not empty it in the sauna area sink.
- Put the laundry in the drum and close the door
- Push on button
- Turn the button right to Handtücher program 1:56 minutes
- Push Start button
